

## **Associate Professor Athanassios Dagoumas**

Athanassios Dagoumas is an Associate Professor in Energy and Resource Economics at the University of Piraeus. He holds a Diploma in Electrical and Computer Engineering from the Aristotle University in Thessaloniki, where he completed his PhD in Energy Economics. He has over 20 years of work and research experience in energy-related issues. He was the President of the Regulatory Authority for Energy, Waste, and Water in Greece. He also worked as a Senior Researcher at the University of Cambridge, as a Member of the Board of the Cambridge Trust for New Thinking in Economics, as a Senior Energy Analyst at the Transmission System Operator, and at the Electricity Market Operator in Greece. Moreover, he was enrolled as a Special Advisor to the Ministry of Environment, Energy, and Climate Change in Greece. His extensive experience enhances his capacity for in-depth understanding of multidisciplinary aspects of the global energy sector: economic, engineering, environmental, and policy. He is keen on developing models for the real energy markets, the energy systems, and the economic-energy-environment (E3) systems.

### **Contact Information**

Address: Androutsou 150, PC 185 32, Piraeus, Greece  
Telephone: +30 2104142741  
Email: [dagoumas@unipi.gr](mailto:dagoumas@unipi.gr)

### **Career Objective**

Professor in Energy Economics, President of the Regulatory Authority for Energy, Head of Energy Markets Analysis

### **Summary of Professional Skills and Accomplishments**

- More than 20 years of work and research experience in energy-related issues
- Involved in more than 30 research and business projects in energy market-related issues
- Conducting robust analysis, monitoring, and reporting of global energy markets: electricity, natural gas, emission rights
- In-depth understanding of multidisciplinary aspects of the energy sector: economic, engineering, environmental, and legal
- Assessing and facilitating strategies towards reducing climate change risks through mitigation and adaptation, and balancing environmental, economic, and energy security aims through policy innovations
- Building models for analyzing and forecasting energy markets and integrated models of economic, environmental, and energy systems to understand the links between climate science, climate policy, and climate risk
- Strong experience in analytical skills using Excel, Advanced Excel (VBA), PL/SQL in Oracle, C++, GAMS, Fortran, Energy system models, Econometric and Statistical packages
- Sound and multidisciplinary education (Engineering background, PhD in Energy Economics and Energy Policy, Postdoc at Cambridge University in Energy Economics and Climate Change)

## **Summary of Personal Skills**

- Hard-working and open-minded
- Highly responsible person, able to undertake many projects and ensure they are completed
- Leading, organizational, and team-building capabilities
- Excellent communication and presentation skills, extensive dissemination work

## **Key Areas**

- Energy Markets
- Energy and Natural Resource Economics
- Economy-Energy-Engineering-Environment Modelling
- Energy and Environmental Policy
- Climate Change
- Power Systems, Renewables and Distributed Generation

## **Professional Experience**

### **Current post**

- 09/2021 - Present    **Associate Professor in “Energy and Resource Economics”,** Dept. of European and Environmental Studies, University of Piraeus, Greece
- 04/2023 - 07/2025    **President of the Regulatory Authority for Energy, Waste, and Water (RAAEY), Greece**
- 07/2020 - 04/2023    **President of the Regulatory Authority for Energy (RAE), Greece**
- 10/2016 - 07/2020    **Director of the “Energy and Environmental Policy Laboratory”,** Dept. of European and Environmental Studies, University of Piraeus, Greece

### **Other posts**

- 04/2016 - 09/2021    **Assistant Professor in “Energy and Resource Economics”,** Dept. of European and Environmental Studies, University of Piraeus, Greece
- 08/2014 - 04/2016    **Lecturer in “Energy and Resource Economics”,** Dept. of European and Environmental Studies, University of Piraeus, Greece
- 09/2013 - 08/2014    **Special Advisor to the Minister of Energy & Climate Change,** Greece
- 02/2012 - 09/2013    **Senior Energy Analyst, Electricity Market Operator (LAGIE S.A.),** Greece
- 07/2009 - 01/2012    **Senior Energy Analyst, Hellenic Transmission System Operator (HTSO S.A.),** Greece
- 03/2009 - 07/2009    **Senior Research Associate, Cambridge Center for Climate Change Mitigation Research (4CMR),** Department of Land Economy, University of Cambridge, UK
- 08/2007 - 02/2009    **Research Associate, Cambridge Center for Climate Change Mitigation Research (4CMR),** Department of Land Economy, University of Cambridge, UK
- 10/2006 - 09/2007    **Visiting Lecturer** at the Department of Electrical and Computer Engineering, **Aristotle University of Thessaloniki (AUTH)** & at the

- 09/2003 - 09/2006 Technological Education Institute (TEI) of Western Macedonia, Greece  
**Research Assistant – Project Engineer**, Power Systems Laboratory, Department of Electrical and Computer Engineering, **Aristotle University of Thessaloniki**, Greece
- 03/2002 - Present **Professional Licensed Electrical and Computer Engineer**
- 11/2001 - 03/2003 **Military duty within the Hellenic Air Force** with responsibilities for the "Operation of the Medium (20kV) Voltage substation that fed the 1st Flight Control Centre (FCC)"
- 06/2000 - 07/2000 **Practical training** under the IAESTE exchange program within the **Croatian public electricity production company** "Hravtska Electroprivreda"

### **Education**

- 10/2002 - 07/2006 PhD, Department of Electrical and Computer Engineering, Aristotle University of Thessaloniki, Greece  
**PhD Thesis: “Influence of the Kyoto Protocol and of the Distributed Generation on Power System Planning”**  
 Supervisor: Professor Emeritus Petros Dokopoulos
- 10/1996 - 11/2001 Diploma in Electrical and Computer Engineering, Aristotle University of Thessaloniki, Greece  
 Diploma Thesis: “Inductive interference of the overhead power lines on the nearby pipelines”

### **Research projects**

- 01/2019 - 12/2022 “INTERFACE:TSO-DSO-Consumer INTERFACE aRchitecture to provide innovative grid services for an efficient power system”, Horizon 2020 project, Project Grant Agreement No. 824330, within the Call: H2020-LC-SC3-2018-2019-2020 (Building a low-carbon, climate resilient future: secure, clean and efficient energy) Topic: LC-SC3-ES-5-2018-2020, Project C.410, Research Center of the University of Piraeus
- 11/2017 - 02/2018 “Analysis of EUPHEMIA order types for the needs of adopting the target model in the Greek wholesale power market”, funded by the Joint Research Centre, Project C.173, Research Center of the University of Piraeus
- 07/2017 - 10/2017 “Development of neural network models for short-term demand forecasting”, funded by Mytilineos Holding S.A., Project B.653, Research Center of the University of Piraeus
- 01/2016 - 01/2017 “Development of a risk management model for the Public Power Corporation S.A.”, funded by the PPC S.A., Project B.755, Research Center of the University of Piraeus
- 05/2015 - 05/2017 “Forecasting natural gas consumption in the electroproduction sector”, funded by the Public Supplier Company S.A. (DEPA), Greece
- 10/2015 - 10/2015 «HERON: Forward-looking socio-economic research on energy efficiency in EU countries», EC project 649660, funded under the Research and Innovation Action, H2020-EU.3.3.6.

03/2015 - 05/2015	“Modelling the Day-Ahead electricity market in Greece », funded by NRG Trading S.A.
01/2015 - 02/2015	“The influence of the energy cost on the competitiveness of the Hellenic industrial sector”, funded by Citizens Network for Europe and Greece, Project B.395, Research Center of the University of Piraeus
03/2012 - 12/2012	“Promitheas-4: Knowledge transfer and research needs for preparing mitigation/adaptation policy portfolios”, THEME ENV.2010.1.1.6-2 ENV.20101.1.6.2ENV of the EC FP7
03/2009 - 07/2009	"NewEDGE: New Economics of Decarbonising the Global Economy”, funded by The Three Guineas Trust
01/2008 - 06/2008	“Cities: Tyndall Centre Phase II programme: Engineering Cities”, funded by the UK research councils NERC, EPSRC, and ESRC
10/2007 - 03/2009	“GFC: Green Fiscal Commission”, funded by the Esmee Fairbairn Foundation
08/2007 - 03/2009	“UKERC2050: UK Energy Research Centre Phase I programme”, funded by the UK research councils NERC, EPSRC, and ESRC
05/2007 - 10/2007	“Promitheas-2: EU-BSEC Energy and Climate Policy Network)”, funded by the EC FP6
06/2004 - 06/2006	“Impact of distributed generation on power systems”, Scholarship from the General Secretary of Research & Development. Scholarship number: 03EΔ947
01/2004 - 06/2005	“EUDEEP: The birth of EUropean Distributed EnErgy Partnership that will help the large-scale implementation of distributed energy resources in Europe”, funded by the EC FP6
09/2003 - 06/2005	“PowerManSwitch (PMS): An Innovative Energy Consumption Management System Based on a Punctual Electrical Control Device”, funded by the EC FP5
01/2004 - 12/2004	“Electromechanical study of the Combined Cycle power plant in Lavrio”, funded by RODAX S.A..

### **Awards/Distinctions**

2023	Included in the list of the World’s Top 2% Scientists, as released by Stanford University on October 4, 2023
2006-2007	Scholarship from the Research Committee of AUTH for postdoctoral research
2004-2006	PhD scholarship from the Hellenic General Secretariat for Research & Technology
2003-2006	Scholarship from the "Bodossakis" Foundation
2003-2004	Scholarship from the Research Committee of AUTH
2002	Prize from the Technical Chamber of Greece/Chapter of Central Macedonia for achieving the highest grade in the graduate period
2001	Achieved marks (8.24/10) within the top 5% in comparison to those of my peers, highest grade in the graduate period
1997-2000	Scholarships from the "Vrentzou" and "Konstantinidis" Foundations

## **Others**

Memberships: International Association of Energy Economics (IAEE), British Institute of Energy Economists (BIEE), International Council on Large Electric Systems (CIGRE), Technical Chamber of Greece (TEE-TCG), Hellenic Association of Mechanical and Electrical Engineers (HAMEE).

Affiliations: Member of TEE-TCG working group "Renewable Energy Resources", Independent expert for the evaluation of the proposals received under the Connecting Europe Facility (CEF) of the European Commission

Editorial Board: Macro Management & Public Policies, Low Carbon Economy

Journal referee: Energy Policy, The Energy Journal, Energy Economics, Climate Policy, International Journal of Energy Sector Management, Low Carbon Economy, International Journal of Sustainable Energy.

Languages: Hellenic, native; English, fluent; German, basic.

## **Programming skills**

- PL/SQL language, needed for the development of the reporting system within the Electricity Market Model in HTSO S.A..
- Oracle Database 10g, Oracle SQL Developer needed for the use and development of the Electricity Market Model in HTSO S.A..
- FORTRAN, OX, IDIOM languages, which are needed for working with 4CMR models.
- Visual Studio and SVN platforms are needed for working with 4CMR models.
- C, C++ languages, concerning applications for power and energy systems
- GAMS/GEMPACK environment, concerning general equilibrium models
- CCAM, E3MG, MDM-E3, GTAP-E, WASP, LEAP, BALANCE, NEPLAN models
- EVIEWS, SPSS, R statistical, and econometric packages
- HTML and JavaScript languages, concerning web development
- Microsoft Office, Lotus Notes, and other software

## **Dissemination work**

#### Invited Talks

5.37	Dagoumas A., 2019, “New challenges in power markets modelling”, Mineral and Energy Economy Research Institute of the Polish Academy of Sciences, 15 May 2019, Krakow, Poland
------	--

5.36	Dagoumas A., 2019, “European Energy Policy: establishing an Energy Union”, Student chapter of the Polish Association for Energy, 14 May 2019, Krakow, Poland
5.35	Dagoumas A., 2019, “Global markets and internalizing risk and costs”, in section: The risks of gas exploration and energy markets of the international symposium: Regional East Med Gas, organized within the “Regional Climate and Energy” Project of Friedrich-Ebert-Stiftung, with the support of the Peace Research Institute Oslo (PRIO), 4 April 2019, Nicosia, Cyprus
5.34	Dagoumas, 2018, “Greece's Interests in Region-wide Gas Trading Co-operation in the Context of an Equitable Resolution to the Cyprus Issue”, KAS-Truman Institute Round-table Conference: Virtual Gas Trading Exchange for the Eastern Mediterranean: Creating Stakeholders in a Cooperative Regional Framework, November 27 to 29, 2018 Cadenabbia, Lake Como, Italy
5.33	Dagoumas, 2017, “Energy Resources: a regional game changer: Towards Peace or Conflict?” experts workshop in Energy Security and Regional Cooperation in the Eastern Mediterranean Rim, KAS Regional Program South Mediterranean, 8-9 June 2017, Malta
5.33	Dagoumas 2016, dissemination of the outputs from the expert workshop in Latest Developments, current state of play and way forward- Oil and Gas in the Eastern Mediterranean”, organized by Friedrich-Ebert-Stiftung and Peace Research Institute Oslo (PRIO), 30 October – 02 November 2016, Oslo, Norway
5.31	Dagoumas 2016, “Assessment of the policy recommendations from national perspectives and state of play in national discussions”, expert workshop in Latest Developments, current state of play and way forward- Oil and Gas in the Eastern Mediterranean, organized by Friedrich-Ebert-Stiftung and Peace Research Institute Oslo (PRIO), 31 May – 01 June 2016, Athens, Greece
5.30	Dagoumas A., 2016, “Behavioral Financing of Investors in Renewable Energy Resources”, Symposium on” Social Sciences, Public Policy and Law”, 23 December 2016, Athens.
5.29	Dagoumas A., 2016, “The future of coal for hedging and energy security in a low carbon economy”, Athens Conference on European Energy Law and Policy, 30 September 2016, Athens.
5.28	Dagoumas A., 2016, “Implementing the triple dividend for the EU: energy security, climate change and internal energy market”, International Workshop on “Interactions of energy, climate and monetary policies in large-scale Energy, Environment and Economy models”, 22-23 September 2016, Cambridge, UK
5.27	Dagoumas A., 2016, “Energy security and the Eastern Mediterranean”, 5th Summer Academic program for New Scientists, 9-11 September 2016, Athens (in Hellenic)

5.26	Dagoumas A., 2016, “The energy system of Turkey”, Symposium on: “Turkey and the strategic regional developments”, 30 March 2016, Piraeus (in Hellenic)
5.25	Dagoumas A., 2015, “The effect of energy cost in European competitiveness: the case of the Hellenic industry”, Conference: “The energy challenge for industry and employment”, 2 December 2015, Athens (in Hellenic).
5.24	Dagoumas A., 2015, “Integration of the European Energy Market: how the environment and the electricity bill are affected”, Café Scientific initiative for communication of science, 20 November 2015, Athens.
5.23	Dagoumas A., 2015, “Energy developments in the Eastern Mediterranean: Qualitative research for the Israeli gas exports”, EastMed Symposium for Eastern Mediterranean Scientific Cooperation, 19- 21 October 2015, Haifa, Israel.
5.22	Dagoumas A., 2015, “Regional Dynamics and Economic Growth in Eastern Mediterranean”, Annual International Summer Festival “Eastern Mediterranean: Regional Dynamics, Global Trends”, 4- 9 July 2015, Tinos, Greece.
5.21	Dagoumas A., 2015, “Environmental Protection and Energy Supply in the Eastern Mediterranean”, Expert Workshop: “Oil and Gas in the Eastern Mediterranean – Regional Challenges Ahead”, organized by Friedrich-Ebert-Stiftung and Peace Research Institute Oslo (PRIO), 11-13 June 2015, Istanbul, Turkey.
5.20	Dagoumas A., 2015, “The energy relationships between Greece and BRICS”, Scientific conference: “The role of BRICS in the world», 28 May 2015, Piraeus (in Hellenic).
5.19	Dagoumas A., 2015, “Energy Security in the Eastern Mediterranean”, International Conference: The Eastern Mediterranean between East and West, 21 May 2015, Athens, Greece
5.18	Dagoumas A., 2015, “Achieving a triple dividend for the EU: Energy security, internal energy market and climate change. The role of Greece”, International Conference: Society, Borders and Security, 24-25 April 2015, Siegen, Germany
5.17	Dagoumas A., 2015, “Key priorities for the EU: Energy Security, Internal Energy Markets and Climate Change: Focus of Greece”, Invited lecture at the Australian Embassy in Athens, 31 March 2015, Athens, Greece.
5.16	Dagoumas A., 2014, “Energy Security and Climate Change in Greece”, 1o Symposium in Environment, Energy and Climate Change, part of the συνεδρίου 2014 Money Show event, 21 December 2014, Athens, Greece (in Hellenic).
5.15	Dagoumas A., 2014, “Russia and Energy Security”, Seminar of ELIAMEP for the

	Russian Foreign Policy, 3 December 2014, Athens (in Hellenic).
5.14	Dagoumas A., 2014, «Tacking Energy Security and Corruption in the framework of the European Energy policy: The case of Greece», International Conference: Energy Security and State Capture Risks in Europe, 27 October 2014, Sofia, Bulgaria
5.13	Dagoumas A., 2014, “Governmental actions and the political framework for a growing wind energy market in the future”, Delegation from Greece to Germany, “Fact-Finding Visit with the topic: The Greek Wind Energy Market”, organized by German-Hellenic Chamber of Industry and Commerce, 22-25 September 2014, Hamburg, Germany.
5.12	Dagoumas A., 2014, “Energy and Climate Change on the isolation of islands”, 3 <sup>rd</sup> Summer Academic program for New Scientists “Sustainable development, Islands and Economic Crisis”, 23-27 July 2014, Lesvos (in Hellenic)
5.11	Dagoumas A., 2014, “Energy and anthropogenic Climate Change: consequences to Greece”, in Symposium: Energy and Climate Change, 3 April 2014, Athens (in Hellenic).
5.10	Dagoumas A., 2014, “Energy networks and energy cost”, in Scientific conference: “Energy networks and Infrastructure: legal and economic aspects”, 1 April 2014, Athens (in Hellenic).
